Name of journal: **Geochronometria**

1. Copyright Assignment

The author hereby assigns to Institute of Physics, Silesian University of Technology the copyright in the above article, throughout the world, in any form, in any language, for the full term of copyright, effective upon acceptance for publication.

2. Author's Warranties

The author warrants that the article is original, written by stated author/s, has not been published before, contains no unlawful statements, does not infringe the rights of others, and that any necessary written permissions to quote from other sources have been obtained by the author/s.

3. Rights of Authors

Authors retain the following rights:

- all proprietary rights relating to the article, other than copyright, such as patent rights,
- the right to use the substance of the article in future own works, including lectures and books,
- the right to reproduce this article for own purposes, provided the copies are not offered for sale.
- the right to post preprint, not refereed version of the article to electronic public servers, and retain it there.

Any other use of the article requires permission from the publisher.

4. Co-Authorship

If the article was prepared jointly with other authors, the signatory of this form warrants that he has been authorized by all co-authors to sign this agreement on their behalf, and agrees to inform his co-authors of the terms of this agreement.

If the article was written in the course of employment by the US or UK Government, please consult the Institute of Physics for further instructions.
